

Thomas Bichlmeir new Head of Content at ocilion – expansion of the content proposition for the IPTV solution

- As of now responsible for the expansion of the content offer around channel and foreign language packages, pay TV, video on demand, apps and media libraries

Ried im Innkreis / Austria, February 3, 2021 – Thomas Bichlmeir joins ocilion as Head of Content. In the newly created position, he is responsible with his team to expand the content partner strategy and the content offering for network operators (B2B) and the in-house sector (hotels, hospitals, ...): channel and foreign language packages, pay TV, video on demand, apps and Media libraries. Thomas Bichlmeir is a member of the ocilion management team and reports directly to CEO Hans Kühberger.

Hans Kühberger, CEO ocilion: „I am very happy to welcome Thomas Bichlmeir with his extensive expertise in the telecommunications and TV sector at ocilion. He has a large network in the industry, knows the side of the network operator and the side of the content provider well. Under his leadership, we are expanding of our content proposition with channel and foreign language packages, pay TV, video-on-demand service, apps and media libraries for our customers. Our goal is to offer providers a wide variety of content from one single source.“

Thomas Bichlmeir was previously as 'Director Distribution & Commercial Strategy' at Discovery Networks Germany responsible for the expansion of free TV, pay TV and direct-to-consumer. Before, the 51-year-old worked for the Munich telecommunications company M-net, the Kirch Group and Cap-Gemini. Thomas Bichlmeir studied communication science and holds an MBA from the University of Cape Town.

About Ocilion IPTV Technologies GmbH

The IPTV specialist ocilion is developing tailor-made complete IPTV solutions since 2004 for service providers and network operators as well as for the in-house sector – from hotels to hospitals to stadiums. As leading B2B provider in German-speaking countries, ocilion has more than 60 network operators as customers and has realised more than 150 in-house installations. Service providers have the choice between a local installation (on-premises) and a comprehensive cloud service (hosted by ocilion) as a rental option – optimized for small and medium-sized network operators.
